

## **TUGboat**

The September 2001 issue (Vol. 22, No. 3) contains the Proceedings of the 2001 TUG Annual Meeting. One issue remains in the 2001 volume year.

For the 2002 membership year, the communications of the TeX Users Group will be published as one double issue and two regular issues. One issue (probably Vol. 23, No. 1) is expected to contain the proceedings of the TUG 2002 Annual Meeting.

We are unfortunately not able to set a definitive schedule for the appearance of the next few issues.

*TUGboat* is distributed as a benefit of membership to all members.

Submissions to *TUGboat* are reviewed by volunteers and checked by the Editor before publication. However, the authors are still assumed to be the experts. Questions regarding content or accuracy should therefore be directed to the authors, with an information copy to the Editor.

### **Submitting Items for Publication**

Owing to the lateness of the present issue, and the scarcity of material submitted for future issues, suggestions will be accepted and processed as received.

Manuscripts should be submitted to a member of the *TUGboat* Editorial Board. Articles of general interest, those not covered by any of the editorial departments listed, and all items submitted on magnetic media or as camera-ready copy should be addressed to the Editor-in-Chief, Barbara Beeton, to the Managing Editor, Robin Laakso, or to the Production Manager, Mimi Burbank.

The *TUGboat* “style files”, for use with either plain TeX or L<sup>A</sup>TeX, are available from CTAN. For authors who have no network access (browser or FTP), they will be sent on request; please specify which is preferred. Send e-mail to [TUGboat@tug.org](mailto:TUGboat@tug.org), or write or call the TUG office.

This is also the preferred address for submitting contributions via electronic mail.

### **Reviewers**

Additional reviewers are needed, to assist in checking new articles for completeness, accuracy, and presentation. Volunteers are invited to submit their names and interests for consideration; write to [TUGboat@tug.org](mailto:TUGboat@tug.org).

### **Other TUG Publications**

TUG is interested in considering additional manuscripts for publication. These might include manuals, instructional materials, documentation, or works on any other topic that might be useful to the TeX community in general. Provision can be made for including macro packages or software in computer-readable form. If you have any such items or know of any that you would like considered for publication, send the information to the attention of the Publications Committee at [tug-pub@tug.org](mailto:tug-pub@tug.org) or in care of the TUG office.
