Memorial

Eitan Gurari has been part of the TeX community for many years, and was going to be a featured speaker at this conference. It was with great regret that we learned he prematurely passed away on June 22. We will miss him immensely. Our best wishes go out to his family and friends. A profile of Eitan is posted online at `http://tug.org/tug2009/preprints`, and will appear in the conference proceedings.
